Seriously, Uber was such a good thing. It made getting a sober ride easy and convenient. Have you ever tried to get a taxi cab ride? You call and they tell you "one is coming" or "we'll send one". You may get one, but you probably won't. So you get to stand outside waiting on a ride that never shows. Uber drivers were always courteous and had clean cars. SO many people I know, including myself, were taking them on a regular basis instead of driving. And this is what you all do???? Bring Uber back.

This is ridiculous! Uber has provided me safe and reliable rides and drivers. Please get off the consumers backs and do what's right and let Uber do business in our state. Charles Huff

Subject: Save UBER

As a loyal UBER customer, I would explore you to reconsider your actions.

While all companies can expect to fall with regulations, UBER has changed the way I, and most people I know, use car services.

They are clean, professional and infinitely nicer than any other car service or taxi that has come before them.

Please find common ground and KEEP UBER, and keep us safe.
